PROGRAM DETAILS

With more than 40 fabrics and finishes available, System 2 can be created in a multitude of designs and shipped in only 10 days. A few details to keep in mind:

- Quickship is designed for a maximum of 50 stations; larger orders may have increased lead time. Please check with customer service for larger orders.
- The Quickship program is for complete workstation orders with panels, and does not qualify for orders with parts and accessories only.
- We do allow a 24 hour window for changes or corrections on 10 Day Quickship orders.
- Quickship orders require their own P.O. and may not be combined with standard lead time orders, or include a mix of standard ship and 10-Day products.
